Making AI Safe, Effective, & Trustworthy

September 10, 2024
Lecture @ 7:30 pm
Campus Instructional Facility

1405 Springfield Ave, Urbana
0027/1025 Auditorium

Dr. Suresh Venkatasubramanian

Director, Center for Technological Responsibility, Reimagination, and Redesign

Brown University

Expert Lecture on AI   Free & Open to the Public!

ABOUT THE SPEAKER

Suresh Venkatasubramanian is a Professor of Computer Science and Data Science at Brown University. His current research is in algorithmic fairness, and more generally the impact of automated decision-making systems in society. Dr. Venkatasubramanian recently finished a stint in the Biden-Harris administration, where he served as Assistant Director for Science and Justice in the White House Office of Science and Technology Policy. In that capacity, he co-authored the Blueprint for an AI Bill of Rights.
